Re: Request for copies of certain grant agreements

To whom it concerns:

On behalf of the Department of Public Works for the City of Jackson, Mississippi, I am requesting copies of certain construction grant agreements. These grant agreements are with two entities, (1) the City of Jackson, Mississippi and (2) the West Rankin Metropolitan Sewer Authority, also known as the West Rankin Utility Authority.

The City of Jackson, Mississippi request is for copies of all construction grant agreements from approximately 1970 to date that provide funding for the construction of a wastewater treatment plant for the City of Jackson named the Savanna Street Wastewater Treatment Plant. I am also requesting copies of all construction grant agreements with the City of Jackson that provide funding for the construction and/maintenance of sewer interceptors in Hinds County, Madison County, and Rankin County.

The West Rankin Metropolitan Sewer Authority a/k/a West Rankin Utility Authority request is for copies of all construction grant agreements for the construction and/or maintenance of sewer interceptors in Rankin County. These construction grant agreements would be after 2001.

The online request requires that a fee amount be entered. The City will pay the reasonable cost of obtaining these grant agreements, even in excess of \$1,000.

Should you have any questions, please feel free to contact me through email at twilliamson@jacksonms.gov or by telephone at 601-502-4662.

Very truly,
